Autumn Cobeland is a painter, muralist, triathlete, and Raleigh native. She holds a degree in Fine Arts and studied art in Japan and Italy. Her works can be seen in galleries, shops, and private collections both nationally and internationally. Inspired by French vintage posters and by Raleigh's parks and trails, she created a series of paintings devoted to the Triangle Greenway System. Autumn donates a portion of the proceeds from print sales to Durham based, East Coast Greenway and Friends of the MST.
